

THE FIGHT CONTINUES

On October 18, 2007 Thomas Joseph Dick Jr., known to all as Tommy, lost his gallant three year battle with cancer. The Tommy Dick Jr. Cancer Foundation was born from Tommy's wish that those of us he left behind continue his fight by supporting cancer research in the quest to find a cure for this devastating disease. We hope all of you will help in fulfilling this brave young man's wish to continue the fight.

All proceeds from the The Tommy Dick Jr. Cancer Foundation 10 Year Anniversary Benefit will go to the Thomas J. Dick Jr. Cancer Foundation to be used to research the cause of cancer and to make a difference in the lives of those living with cancer.
